

Hello Family and Friends of Grace Point Church Ann Road,

I hope you all are well. This has been an unprecedented week, to say the least. I'm sure you are aware of the impact of Covid-19 and how it is rapidly transforming our way of life.

We are giving our best efforts to lead our church and serve our community, while trusting God who is not surprised by all that is unfolding. Meanwhile we are continuing to monitor updates coming from the governor, Southern Nevada Health District as well as the CDC. This is a very fluid situation that is going to require all of us to remain patient and flexible. As we receive new updates we will respond accordingly.

As of today, Friday, March 13, 2020, we will be adapting our Sunday Gatherings and classes and events as follows:

Sundays: *We will not gather together in person for the next two weeks, March 15 and March 22, 2020.* Instead Sunday Gatherings will be available online at our website at <https://www.gracepointvegas.com/annrd/sermon-archive/>. They will also be on YouTube and Facebook. We plan to have the videos up at 9 AM on Sunday mornings. Leave us a comment and let us know you are there!

You can continue worshipping through your giving online or via check. For information on how to set that up, click here: <https://gpcannroad.com/give>

Events and Classes: *The following events and classes have been cancelled:*

- Next Steps Class on March 15, 2020
- Basic Leadership Course (will be rescheduled)
- Foster Parents Night Out on April 3, 2020
- Scarlet Hope Prayer Team (until further notice)
- Refuge (will meet online - please check your email for more information)

Community Groups: If you are in a community group, please contact your leader about your meetings. Throughout this time, we are going to defer meeting as a community to the group's discretion.

To stay up to date on Grace Point Church Ann Road gatherings and events, please continue to check our website at <https://www.gracepointvegas.com/annrd/> as well as our social media channels and your email.

We want to encourage you to remain in prayer for our community, medical response teams, and our governing officials as they actively respond to the situation.

I recorded a video earlier today and I hope you will take the time to watch it:
